All of our presenters are men who live with open hearts that hunger to see their brothers in Christ rise up in the freedom and power of the One True God.

Come to this winter retreat expecting to be challenged, inspired, and changed as the Holy Spirit empowers you to clearly see and remove your lid: the barrier between you and the life you were created for. Our Heavenly Father did not create His sons to live muted and bottled up. He created you for freedom...for more and better life than you've ever dreamed possible! As we learn together, worship together, and walk shoulder-to-shoulder, you will discover the joy of a lid-free life in Christ.
